SMUGGLED TALES

TALES OF SMUGGLING

The true love story between two smugglers, a Galician man and a Portuguese woman.
Their love affair goes hand in hand with their professional life. They both engage in a commercial activity without a tax licence without a tax licence, and live their personal lives like any other person, and also without the relevant administrative licences.
This leads to customs interferences that jeopardise the relationship.
And so, jumping borders and skipping formalities, and learning languages and kissing with tongue, they try to consummate their relationship.... Whether they succeed or not will be known in the end.

Technical characteristics:
